

Thy Kingdom Come

It's May time – it's Thy Kingdom Come time – it's the time when we are encouraged to pray for up to five people over a 10/11 day period, praying that their life might be enriched by Christ touching that life in some way.

This year we are going to do something different. Lockdown has restricted us in so many ways, including travelling so I am inviting you to come on a journey with me from Ascension Day to Pentecost.

As we decide what to take with us on our journey we will play that well known game 'my Aunt Priscilla was going to Paris and in her case she put-----?' So, each day we will be putting something into our case which we think we, and our friends will need on our spiritual journey.

Do come and join me, either solo or with others that you would like to be touched by Christ. One word of warning, if you hate packing like I do, you will have to pack for your friends! – I've got five extra to pack for!!

Those of you from The Grove might like to use this prayer time as a daily 'countdown' as we look forward to once more being able to worship in our church after being absent for such a long time. Everything we will be packing into our cases will be needed in the return to our church.

I look forward to travelling with you

Bon Voyage

Daphne

Living One,
as I set out on this broad open road,
treading the path that is mine to tread,
open my eyes to the others who share this road with me,
those joined by quest or only by being fellow-traveller.
For we all carry a scallop-shell inside, journeying and seeking,
not one of us knowing the exact way.
I particularly remember those given alongside me this day.

Bless each of us to our journey,
to all that we find,
and to all that is only yours to know this day.
